

11/16/20:

ERRATUM

The record layout for the unit file improperly switched the order of 2010 Block Number (TABBLK) and 2010 Census Block Group (TABBLKGRPCE). This led to an incorrect truncation of TABBLK in the published SAS unit data file (ppmf_20201116u.sas7bdat). We have corrected this issue both here and in the SAS unit data file (ppmf_20201116u.sas7bdat).
